TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(SEAL) To the inhabitants of the Town of Sunapee, in the County of Sullivan, in said State, qualified to vote in Town Affairs: You are hereby notified to meet at I. O. O. F. Hall, in said Sunapee on Tuesday, the 8th day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

Article 1. To elect a Town Clerk for the year ensuing.

Article 2. To hear the reports of the Selectmen, Treasurer, Auditors, Agents, and Committees or other Officers heretofore chosen and pass any vote relating thereto.

Article 3. To elect one Selectman for three years and all other necessary Town Officers for the year ensuing and pass any vote relating thereto.

Article 4. To see what sum of money the Town will raise to pay the outstanding debts and interest on its notes and bonds and pass any vote relating thereto.

Article 5. To see what sum of money the Town will raise for Town Officers Salaries for the year ensuing and pass any vote relating thereto.

Article 6. To see what sums of money the Town will appropriate for Town Officers' expenses, Election and Registration, Municipal Court, Repairs of Town Buildings, Police and Health Departments, and Town Poor, and pass any vote relating thereto.

Article 7. To see what sum of money the Town will raise to repair Highways and Bridges for the year ensuing and pass any vote relating thereto.

Article 8. To see what sum of money the Town will raise or appropriate for the General Expenses of the Highway Department including Road Oil. And pass any vote relating thereto.

Article 9. To see what sum of money the Town will raise to maintain its Trunk Line Highways and pass any vote relating thereto.

Article 10. To see what sum of money the Town will raise to maintain its State Aid Highways and pass any vote relating thereto.

Article 11. To see what sum of money the Town will raise for Town road construction, (Lake Ave.) and pass any vote relating thereto.

Article 12. To see if the Town will vote to raise Two Thousand Dollars, (\$2,000.) the State to give Four Thousand Dollars, (\$4,000.) for Special State Aid Construction, to be expended on the road leading from Georges Mills to Springfield, by Otter Pond, (see session laws 1931, Chapter 215, approved April 7th, 1931) and pass any vote relating thereto.

Article 13. To see what sum of money the Town will raise for Snow Removal and Sanding and pass any vote relating thereto.

Article 14. To see if the Town will vote to install two new street lights on Chase St., near the residence of James Bixby, and one new street light at Georges Mills, near Grand View Hotel, and pass any vote relating thereto.

Article 15. To see what sum of money the Town will raise for Electric Lights and pass any vote relating thereto.

Article 16. To see what sum of money the Town will raise to maintain its Fire Department and pass any vote relating thereto.

Article 17. To see what sum of money the Town will raise to maintain its Public Library and pass any vote relating thereto.

Article 18. To see if the Town will vote to withdraw its financial support to the Lake Sunapee Community Nursing Association, and vote to employ a full time Town Nurse, raise and appropriate money for the same and pass any vote relating thereto.

Article 19. To see what sum of money the Town will raise for the support of the District Nurse Association and pass any vote relating thereto.

Article 20. To see if the Town will raise Two hundred dollars (\$200.) for Publicity purposes and pass any vote relating thereto.

Article 21. To see what sum of money the Town will raise for the care of its Cemeteries and pass any vote relating thereto.

Article 22. To see if the Town will raise four hundred dollars, (\$400.) to cooperate with the State in the control of the White Pine Blister Rust and pass any vote relating thereto.

Article 23. To see if the Town will vote to raise twenty-five hundred dollars (\$2500.) to finish the New Water System, located on the old Saw Mill Site, and pass any vote relating thereto.

Article 24. To see if the Town will vote to allow a discount on taxes paid between April 1st and Sept. 1st, fix the time and rate of discount and pass any vote relating thereto.

Article 25. To see if the Town will instruct its Selectmen to hire money in anticipation of Taxes and pass any vote relating thereto.

Article 26. To see what sum of money the Town will appropriate for the maintenance of the Water Department including debt and interest, and pass any vote relating thereto.

Article 27. To see what sum of money the Town will raise to continue assistance to our Doctor and pass any vote relating thereto.

Article 28. To see if the Town will vote to discontinue, (subject to gates and bars), the following described highways, (1) starting near Henry Alvord's house to Springfield Town Line, (2) starting near house of Belver Colby to Newport Town Line, (3) starting near Old Noyes School House to Croyden Town Line, (4) starting near Ledge Pond Brook to Old Mitchell Place, (5) starting near residence of George Colby to top of hill near Charles Boyce's home, (6) cross road in Paul's Field at Wendell, (7) starting near Harley N. Kidder's to Newport Town Line and pass any vote relating thereto.

Article 29. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and thirty-two.

LEO L. OSBORNE,
MERTON J. SARGENT,
MAURICE G. CHASE,
Selectmen of Sunapee.

A true copy of Warrant—Attest:

LEO L. OSBORNE,
MERTON J. SARGENT,
MAURICE G. CHASE,
Selectmen of Sunapee.

Respectfully submitted,

MOTT M. WIGGINS, Treasurer.

BOARD OF HEALTH REPORT

During the year ending December 31, 1931, seventeen cases of measles were reported in seven different homes with ages ranging from six months to sixty-four years with no serious results. Seven cases of diphtheria, representing four homes were reported, one case proving fatal. These homes were under quarantine and thoroughly fumigated before being released. School and library books found in these homes which had been handled by the patients were burned and the families instructed to burn all papers, books and magazines that the sick had used. While most contagious diseases are developed by contact it is well to play safe as we have records of small pox and scarlet fever developing from germs held under wall paper, in books and magazines for several years and I have satisfactory knowledge of septic sore throat (a light form of diphtheria) being conveyed through the mail. Do not take any chances. If your children have sore throats, which continue, call the doctor. The analysis of the town water supply during the year has shown the water to be good, eleven analyses having been made. Your Health Officer wishes to acknowledge in this report his sincere appreciation of the cooperation of Dr. Munro in caring for the diphtheria cases.

Respectfully submitted,

ALBERT D. FELCH. Health Officer.

Balance due A. A. Stocker, Contractor, on repairs		
to Peabody property		\$332.94

ERNEST P. BARTLETT,
MARY C. HAVEN,
H. B. SAWYER, Treas.,
Sunapee Library Trustees.

The barn connected with the Peabody house, owned by the Town, has been allowed to get in a very run-down condition. Floor and underpinning practically all decayed. To relieve that situation and improve the out-look around our Library, the Trustees let contract to move barn back twelve feet upon proper cement foundation with storage room for two automobiles in basement and by changing roof have made ample storage in two floors above basement to go with each tenement.

The upper tenement is vacant and in bad condition; needs paint and paper, bathroom, chimneys, electric wiring, and entire set of buildings need paint on outside. Estimated cost to put buildings in shape to rent is about \$400.00. We believe if this was done the property would rent for \$360.00 per year or more and from then on pay its own repair bills and pay some over \$200.00 per year toward maintaining our Library.

In the past nine years until present repair job on barn was started the Peabody property has paid back to the Town from rentals over \$500.00 more than has been expended on buildings, all of which has been used toward maintenance of Library.

We hope and expect the rentals would take care of balance due contractor.

Respectfully submitted,

Sunapee Library Trustees.

REPORT OF FIRE ENGINEERS

We hereby submit our annual report for the year of 1931:

The property of the department is in as good condition as last year. There have been no serious fires during the year. There has been added to the fire-fighting equipment during the year a portable Pacific pump with 1000 feet of 1½ inch hose. There has been but one outside fire during the year to use this pump on, but we think it is a good addition to the equipment for fires outside of protection.

Property valued at about \$5,000 has been destroyed during the year. This property was outside of fire protection.

There have been four box alarms and sixteen still alarms answered by the department during the year.

Respectfully submitted,

F. M. SARGENT
K. L. GROVER,
D. R. PUTNEY,
W. P. ROACH,
CHARLES AUSTIN,
Engineers of Fire Department.

MUNICIPAL COURT

Twenty respondents were before the Court during the year. Two cases were not prossed, eighteen paid fines and cost, the fines totaling \$424.10. \$152.30 was paid to the State Automobile Department, \$111.80 to the State Fish and Game Department, \$150.00 to Treasurer of Sullivan County, and \$10.00 to Town of Sunapee. I will repeat what I said in previous reports, "that, in my judgment the State should either pay the Judges of our Municipal Courts or allow the Courts to divide the fines where offenses are committed within jurisdiction of the Courts."

ALBERT D. FELCH,

Judge, Sunapee Municipal Court.

REPORT OF COMMUNITY NURSING ASSOCIATION

The Lake Sunapee Community Nursing Association has completed its fifteenth year. There is a balance of \$1,989.88 in the treasury, accumulated gradually in the course of these years. During this period the Association has paid its running expenses, but nothing for the renewal of the cars which were originally a gift on our tenth birthday. The fund for their replacement every two years was provided by a card party during the summer, organized by the President and a volunteer committee of summer residents.

The President last year set this goal for the Association—the increase of its annual income by \$300. It has not been attained. The income decreased by \$135.39. Perhaps we should be grateful in this year of financial depression that the deficit is not larger. This has reduced the balance of last year by that amount. However, the time has come to make a venture of faith. The two cars now needing renewal will be bought by the Association at an outlay of \$900. This will leave a balance of \$1,000.

There must always remain a balance of at least \$600 in the treasury to provide for the salaries during the summer months before subscriptions and town appropriations are paid. The Association must meet the challenge of increasing their income sufficiently in the following two years to provide for the next renewal of cars. There will be no card party. The increase must be met by the towns themselves and by a greater number of small subscriptions.

Now and then, the President hears some summer resident say, “the support of the Association should be taken care of by the winter residents.” At the present time the donations from the summer residents amounts to \$581. The balance of the income reaches the total of \$2,784.98 from the following sources: Appropriations (three towns), \$2,090; from the local committees of winter residents, \$232.50; from miscellaneous credits, \$54.48; from Sunapee Park Lodge party, \$408, not part of income transferred to fund for replacement of motors; from the

fees, \$1,123.35. As you see, the money supplied by the summer residents is a small proportion of the whole income.

Is this amount given by the summer residents necessary? The President asks you to remember that the New London Hospital could not be continued were it not for the gifts of the Summer Colony and their patronage of the Hospital entertainments. The summer residents feel, no doubt, that a hospital in their midst is a benefit to themselves; so is the Nursing Association. Financially, can the Districts of the Nursing Association eventually become self supporting without aid by the Summer Colony? Yes, and no. Sunapee could, but it would mean that the winter residents would have to subscribe \$187.51 more a year. The President believes that in the near future they will wish to do so.

The Springfield-Grantham District presents a different problem. Here are communities far back from the lake practically without summer residents. This means less work of all kinds and less prosperous communities. A smaller amount of money to be raised by taxes. The removal of the Draper Lumber Company left Grantham flat financially. The town has only been part of the Association for three years. Taking into consideration the resources of the two towns, they are doing as much for themselves as Sunapee. The figures are as follows: Contributions, from their few summer residents, \$103; appropriations from the two towns and school district, \$890; from fees, \$254.55; from local committees, \$28. Total receipts, \$1,338.38. Expenditures, \$2,212.25; to this must be added \$225, a sinking fund for the renewal of their car every two years, and the amount of \$103, now contributed by their summer residents, totalling \$2,540.25, leaving a balance of expenditures over receipts of \$1,201.87. This sum would be needed to make the Springfield-Grantham District self-supporting without the aid of summer residents. At the present time, the District is able to have this valuable service because of the gifts of New London, and even Newbury summer residents who believe in our work. Springfield and Grantham may not, for some years to come, be able to attain this total amount, yet they need the nursing service perhaps more than any neighboring towns.

We want the summer residents to realize that when they give to the Nursing Association they are doing a worthwhile piece of social service, which so far as Springfield and Grantham are concerned, would have to be abandoned if it were not for their gifts.

Last year the Association reported the Toxin-Antitoxin Clinic where 206 children and adults were inoculated. This year

the Schick Test was given to this group and all were shown to be immune. The ability and devotion of our two nurses cannot be too highly praised. Mrs. Edith Brown, R. N., the Springfield-Grantham nurse, recently became the wife of Mr. John Philbrick, one of the prominent citizens of Springfield, which seems to be a very happy arrangement for the Association.

Respectfully submitted,

MARION DUNCAN McGANN, President.

June 1, 1931.

REPORT OF THE NURSING STAFF

We are glad to report this year from Sunapee the splendid donations that were received from the Local Chapter of the Red Cross, the Women's Club, Ladies' Aid, Parent-Teacher Association, from the Community Whist Parties as well as from individuals. The money was used for Dental Work, Tonsil and Adenoid operations on children in families where they could not afford to have these defects corrected. Milk and hot lunches were also served to 16 needy school children during the winter months. In Sunapee, at Christmas time, 17 families received funds, clothing and gifts for children who otherwise would have had no Christmas. These funds were raised by the Sunday School and by Special Community Whist Parties. The nurses attended meetings and lectures throughout the year. Special conferences were held with the Nursing Supervisors of the John Hancock and the Metropolitan Life Insurance Company. We wish to thank you all for the kind interest that you have taken in this valuable work. We feel that health education has greatly improved in our districts.

CLINICS AND CONFERENCES AS FOLLOWS:

Sunapee District

June 27, 1930. Child Health Conference at Church Vestry. Physical examination of 51 pre-school children and infants, 4 vaccinations. Dr. Robert M. Brooks, Claremont, Examining Physician; Miss Leah Clark, Miss Cluffie Gobie (county nurses) and the two District Nurses in attendance. Crackers and milk served by Local Committee.

July 18, 1930. Tonsil and Adenoid Clinic at Carrie F. Wright Hospital, Newport. Operations on 8 school children. Dr. B. D. Thorpe, Operating Surgeon, assisted by Dr. E. J. Stone, Newport.

February 2, 1931 at Center School. Schick Test given to 133 children, 5 adults. Dr. Charles P. Weaver, Manchester, in charge; Miss Leah Clark (county nurse) and the District Nurse in attendance. Local Committee assisting.

April and May, 1931. Dental Clinics, 4 at Center School. Work done on 52 school children, 1 pre-school child, 4 adults. Dr. Irving Crandall, Claremont, Dentist. District Nurse in attendance.

May 26, 1931. Tuberculosis and Underweight Clinic at Center School. Physical examination of 75 school children, 1 pre-school child, 4 adults. Dr. Robert M. Kerr, Manchester, Examining Physician. Miss Cluffie Gobie (county nurse), the District Nurse, and Mrs. Guy Williams in attendance.

Springfield-Grantham District

July 8, 1930. Dental Clinic at Town Hall, Springfield. Work done on 9 children, 2 adults. Dr. Irving Crandall, Claremont, Dentist. District Nurse in attendance.

July 9, 1930. Child Health Conference at Town Hall, Springfield. Physical examinations of 13 pre-school children, 1 vaccination. Dr. F. V. V. Wethey, Enfield, Examining Physician. District Nurse in attendance.

July 10, 1930. Child Health Conference at Community House, Grantham. Physical examination of 24 pre-school children; 3 vaccinations. Dr. E. J. Stone, Newport, Examining Physician. District Nurse in attendance.

May 25, 1931. At Morgan and Center Schools, Springfield, Tuberculosis and Underweight Clinic. Physical examination of 28 school children. Dr. Robert M. Kerr, Manchester, Examining Physician. Miss Cluffie Gobie (county nurse) the District Nurse in attendance.

Patients were transported to other clinics such as Pre-natal, Toxin-Antitoxin, Orthopedic and Goiter in various cities of the state.

A health talk was given on Annual Health Day for the Grange in Grantham by the District Nurse, Mrs. Edith Brown Philbrick.

Respectfully submitted,

LENA UEHLEIN, R. N.

EDITH BROWN PHILBRICK, R. N.

REPORT OF
SCHOOL DISTRICT

SUPERINTENDENT'S REPORT

To the Members of the School Board,
Sunapee, N. H.

The year covered in this report is one containing a number of important changes in Sunapee.

The item which is of greatest importance is the leaving of Mr. Williams. After two years of service, during which he won the affection of the entire community, he was offered a position in Colby College at New London, with which offer we were unable to compete.

After considering a large number of candidates, and making careful investigation of the records of each, we selected Mr. Ernest F. Forbes, of Enfield, to succeed Mr. Williams. Mr. Forbes came to us in September, and is taking over the work in a manner which promises splendid things for the future of Sunapee's school.

During the past year we have lost the following teachers: Miss Elizabeth Dudley, Miss Willena Burpee, Mrs. Esther Nahil, Miss Evelyn Lynch, Miss Emily Savory, Mrs. Florence Fogg. They have been replaced by the following: Languages, Miss Frances Bodwell, graduate of N. H. State; grades, Mrs. May Bartlett, a former teacher; history and shop, Mr. Edward O'Gara, of N. H. State and Dartmouth; commercial, Miss Luella Marr, of Boston University; home economics, Miss Violet White, of Keene Normal; music, Miss Vanda Sanguinetti, of Keene Normal.

Another change which was effected during this year was the re-introduction of shop work, for boys in the grades. At present this work is being offered as a common experience for all boys. It is a question to be studied whether we should not offer a continuation of this course for those boys who wish to attend high school, but who do not care for the academic work. We have two such courses for girls, the home economics and the commercial, but nothing for the boys. Such a course would cost money, and we should consider the matter carefully before making a decision.

The special or opportunity class which was in operation until June was not continued this fall. It is not that such a

class is not needed, but rather that other arrangements seemed more necessary.

In conformity with modern educational practice, of teaching children to think for themselves, the question of passing, recess behavior, and basement privilege was given to the Student Council for study. They have evolved a plan of traffic officers and checking of room absence which is working out well. This group should be commended for their thoughtfulness and helpful efforts.

By the adding of another man teacher to the faculty, it is now possible to have the supervision of all athletics in the hands of teachers. This is desirable, not because our former coaching was unsatisfactory, but because athletics are a definite part of the educational program. We are now not only teaching the playing of games, but are also using this as an opportunity for the checking of defects, correction of them, attention to weight and diet, and the teaching of health in general.

Our glee clubs and orchestra are showing marked improvement this year. In fact, the attention to extra-curriculum activities which has always been a part of this school has been much extended, and an effort is being made to keep such things in reason and as a part of our whole educational scheme.

Now as to the strictly academic or "bookish" part of the school. I mentioned in my report last year that we had commenced a testing program, for purposes of comparison with other schools, and discovery of our points of strength and weakness. Naturally we found some of each. We have taken courage from our good showings, and are using this courage in correcting the poorer ones.

The first thing we found out is that Sunapee pupils as a whole average better than the average for the state in general intelligence. This means that we can do better than average work if we put our minds to it.

Then we have taken our weak points one by one and have endeavored to find out why we were weak. As soon as we find out why, we go about trying to devise methods of improving. Sometimes this requires different methods of teaching, sometimes different material, and sometimes a different attitude on the part of pupils. Usually it means all three.

As most of this work is technical, I shall not go into it here. However, one item which will touch all parents directly I will speak of. That is the new report cards. The teachers felt that it was not enough to tell parents how their children

were doing in scholarship. They felt that the parents would like to know why, just as we were trying to find out why. So a committee from Sunapee and Newport, representing the entire union, worked through the fall months to prepare a new card. This card is now in use. It tells the actual mark obtained in studies, and it also tells something about how your child is trying, and suggestions for improvement.

I have gone into this subject more perhaps in detail than its importance warrants, but I do so because it is a good example of the cooperative method which is gradually growing up in our schools. Bringing up a child is a job for all of us, the teacher can't do it alone, the parent can't do it alone, the superintendent can't do it alone. The child can't even grow up alone. It is a piece of work big enough to take the best efforts of all of us, working together.

You would like to know what we have found out in our testing program. We found out that Sunapee was not the best school in the state. However, I can also say this, that it is much better than it was. Your teachers are constantly studying the problem, and the tests that are now being given show a vast improvement from the conditions at this time last year.

When I make a statement like that made in the last paragraph, I would like to have it taken just as it is said, and no more. I did not say why Sunapee was not the best school, nor how it got that way. When you start on a journey, you have to start from some place, and it is a good idea to know where that place is. Then you can go from it toward your destination in a more intelligent manner. I am not concerned as to how we got to that particular place, but just in what manner we are going to get away.

No school can in the long run do good teaching unless that school is on a firm base. Good business management is the most important underlying necessity. In the first place, if we do not have good business methods, we are bound to waste the taxpayers' money. In the second place, we can not be slack and wasteful in our money affairs, and yet be efficient and honest in our teaching. The two things do not go together.

If all municipal officials throughout the nation had to live up to this statement, we should not now be faced with the dire distress which many towns and cities report. Under normal conditions good business management does not mean going without, it means spending wisely in order to buy full value.

This year, due to the prevailing serious economic conditions, it may mean actually going without some things.

No town can say, however, that it must go without things unless it has an actual accounting system so that real facts may be known. In Sunapee we have been placing our house in order before the depression forced it. We have developed a purchasing system, with adequate records. We have done our buying on bids, considering both quality and price. By doing these things we are able to buy more cheaply than before.

I have been purchasing school supplies, for example, for the whole union at one time. This enables us to get the benefit of quantity purchase. At the same time, I have been sending the orders for each town separately, and having the shipments come directly to the schools. This allows each town to keep accurate account of its own bills. Each bill is checked against my original order, and against a receipt made out by the principal. Overcharges or mistakes in quantity are thus guarded against. This method has permitted your secretary to keep the records of payments in a manner which is more helpful to her than was before possible.

I hope in time that it will be possible to work out a system whereby all goods or services are ordered in the same manner. This method will not necessarily require the order to go through the superintendent.

In addition to the method of purchasing described, we have changed some of our other customs for the purpose of saving money. Oiling the floors by means of a sprayer instead of by hand brushes should result in a considerable saving. Next spring and fall we plan to try the burning of wood instead of coal. This should save us money, and also make additional income for local people.

We have also developed a method of stock-room control which should cause more economical use of supplies. This will not prevent anyone from having all they need. This stock-room control will also enable us to estimate more accurately the amounts to be ordered. Many a good business has been ruined because it carried too much inventory on its shelves.

I have gone into the business methods considerably in detail, not to boast, but so that when the budget is presented to you and to the voters, it will be recognized as the result of accurate figuring, and not just a guess.

In all the "hard-up," stricken cities we hear much discussion of cutting teachers' salaries. Sunapee has already met this

issue. We have not cut wages of a single teacher, but when we have made replacements we have secured teachers at lower rates than was formerly paid. This refers to the superintendent as well.

It is not good business to reduce the wages of teachers already in service. In the first place, they had never been increased to boom prices, as they have in some places, and as have the employees in many other industries. In the second place, the cost of living to teachers has not been materially reduced. If those furnishing room and board reduce their prices, then we should reduce accordingly. In the third place, the psychology is bad. If a man is driving a locomotive from one place to another, and his pay is reduced, it is easy to know whether he still gets to his destination. But a teacher's work is so intangible that it would be hard to know if she was doing as much as before.

It is human nature to feel resentment for a cut and to be inclined to slack a little. I do not think our teachers are of this type, but I do not believe we should take the risk until we are sure that all other municipal expenditures have been cut to the bone. And finally, if teachers have less income, there will be less income for them to spend, which will affect business just that much, either in Sunapee or elsewhere.

In conclusion, I should like to say something about the work of a superintendent. It is always difficult to get to understand the methods of a new man in this office. I try to separate my work into three parts.

First, the business management. This has in a direct way, little in common with education. It should be carried out in accordance with business practice in other lines. Purchases should be made without regard to sentiment. The necessary amounts should be decided impersonally, getting enough for efficient running, but not enough to waste. Orders should be placed where you get the most for your money, whether you like the salesman or not. Accounts should be kept accurately, and in enough detail so they mean something.

Second, management of routine. This is purely impersonal. Registers are required by law. They must be kept in a certain way. If reports are due at a certain time, it is because they are needed at that time, and in the form specified. And so on. This part of the work must be held to a strict standard, not because the superintendent is a personal dictator, but because

he, like all the rest of the force, is a servant of the machine, and the machine must run smoothly.

Third, educational. As I have shown, education is a job big enough to keep us all busy. There is no absolutely right way of doing things, to the exclusion of all other methods. In this work I try to act as a counselor. I don't tell teachers how to do things, I try to help them think out their own problems, and give advice where I am able. If none of us know an answer to a question of method, it is my business to hunt around until I find one. Whether it is a matter of traffic management, teaching methods, or rank reporting, many minds are better than one. Co-operation is the only method of getting good educational results.

Then my reactions to the three sections are as follows:

One, business, "What is necessary and right?"

Two, routine, "Yes" or "No."

Three, education, "What do you think?"

I try to keep my relations to the Board and other citizens in these same three lines.

I have enjoyed my work in Sunapee during the last twelve months. The attitude of pupils, teachers, Board, and citizens has been uniformly pleasant and helpful. The prospect for continued improvement in the school is good.

Respectfully submitted,

F. A. MORRIS.

SCHOOL TREASURER'S REPORT

Cash on hand July 1, 1930	\$ 624.14
Appropriations and Receipts from the Selectmen	26,814.88
Receipts from all other sources	4,227.83

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of Sunapee qualified to vote in district affairs.

You are hereby notified to meet at the I. O. O. F. Hall in said district on Tuesday, the eighth day of March, 1932, at one-thirty o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To choose one or more Auditors and such other Officers and Agents as the voters may judge necessary.

Article 6. To hear and act upon the reports of the School Board, Treasurer, Auditors and Committees heretofore chosen.

Article 7. To see if the District will vote to make any alteration in the report of the School Board, recommending the amount of money required for the support of Schools and payment of statutory obligations as shown by the accompanying budget, calling for \$20,758.00; raise and appropriate money for the same and take any vote relating thereto.

Article 8. To see if the District will vote to raise and appropriate \$3,500.00 to be paid on outstanding Bonds and \$2,454.38 to pay interest on outstanding Bonds.

Article 9. To transact any other business that may legally come before said meeting.

Given under our hands and seals this sixteenth day of February, nineteen hundred and thirty-two.

HATTIE M. SMITH,
H. B. SAWYER
ALBERT A. STOCKER,
School Board of Sunapee.
